Good Morning Courtney,

I will contact the Lisa (client nurse) today on the preauthorization required by the ordering physician via Beacon LBS @ 800-377-8809. FYI, I called Beacon LBS this morning and the phone prompt options are as follow ~

\*\*\*UHC (United Healthcare) Genetic and Molecular Preauth Program ~ Opt 1  
\*\*\*Physician Office ~ Opt 1  
\*\*\*Preauthorization ~ Opt 1

After completing the three phone options a CSR will answer and request the following information from the ordering provider to create the preauthorization (details attached and faxed to client yesterday).

Ordering provider NPI #  
DOS (date of collection)  
CPT Codes or Test Description  
Diagnosis Code(s)  
MDL NPI #

Sincerely,

**June Ferry**  
Pathology Specialist
